To Whom it may concern

Re: Jason Neal Re-Nu-It

We hired Jason Neal's company Re-Nu-It to do a renovation at 2221 Heron Cres., Comox BC.

The renovation included new flooring and painting the whole 2200 square ft home, plus other small jobs.

Although I have not seen the finished work done, being in Vancouver, we have been very pleased with the work so far. The flooring, both recommended and provided by Jason, was a great choose and has been very well installed. The painting has been meticulously done. It should be pointed out the walls needed a lot of preparation and the time and care Dan, one of Jason's workers took, has resulted in a very good job.

The result of Jason's work has truly renewed this tired and worn home.

I would recommend Jason's company and work. If you have any questions about the process, please do not hesitate to call.

Kind regards
